Property Tax Exemption

This bulletin has been prepared in order to outline the complex provisions relating to property tax exemption of veterans. Particular notice should be given to the different classifications of exemption so that the municipality may claim the appropriate reimbursement from the State for taxes lost by reason of such exemption.

Prior to April 1, 1978, municipalities were not reimbursed for property taxes lost due to the granting of veterans exemptions. In 1978, the Constitution was amended to reimburse municipalities not less than 50% of property tax revenue loss because of statutory property tax exemptions enacted after April 1, 1978.

Benefits Available from the Division of Motor Vehicles

Effective July 30, 2004 Maine began issuing, to qualified veterans, a special veteran plate containing the disability symbol to enable them to park in designated parking spaces. The new plate is an expanded design of the standard "Special Veteran" plate which bears the red "V". This new plate also bears the red "V" on the left hand side of the plate and has the universal disability symbol on the far right. This plate does not replace the current "Disabled Veteran" plate which bears a flag and is available to those veterans who qualify based on a service connected disability.
